The Washington School for Girls (WSG) provides a tuition-free education in a caring and safe environment for young girls who are living in an under-served urban area and are at risk of leaving school prematurely. Through the school's solid and holistic education model featuring intellectual challenge, respect for diversity, and support for the spiritual, social and emotional growth of each student, 98% of WSG students graduate high school and a majority continue on to institutions of higher learning.

Through the generous efforts of the Washington, DC business community, the Hoops for Hope Tournament has ignited the competitive spirit in the city and helped raise over \$85,000 for WSG. As we continue preparing for the 9th Annual Hoops for Hope, we look forward to expanding the tournament to include new companies and professionals from a broad array of industries while highlighting the tremendous work accomplished by WSG.
